DETAILED ACTION

Claims 1-26 are pending in this application.

Action Summary

1. The rejection of claims 1-26 under 35 U.S.C. 101 as statutory double patenting is hereby expressly withdrawn as the co-pending Application No. 09/344,090 has been abandoned.
2. The rejection of record under 35 U.S.C. 103(a) over Igo-Kemenes in view of Iosilevich is being maintained for the reasons stated in the previous office action.

Response to Arguments

3. Applicant's arguments filed June 27, 2001 have been fully considered but they are not persuasive.

Applicants argue that the cosmetic composition in Igo-Kemenes is a stable composition in the absence of a porous support. It is the position of the examiner that the composition of the prior art can be unstable as it teaches the same composition as claimed. The composition is in the form of a water-in-oil formulation, contains an oil phase, gellant, a pigment, and substantially no waxes or suspending agents (0.1-1.5%). Therefore, the claimed invention is rendered obvious.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1616

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
